Quote Screen

✓ (48520)

Relabeled *LTV/CLTV* to **Total LTV/CLTV**. Added **Base LTV/CLTV** and **HCLTV** fields.

- **Purpose** – To match and map to the corresponding fields on the *Product & Pricing* screen > *Pricing Search Parameters* lightbox.
 - Previously, the *LTV/CLTV* on the *Quote* screen corresponded to the *Total LTV/CLTV* field on the *Product & Pricing* screen, which sometimes caused confusion for the user as to which *LTV/CLTV* corresponded between the *Quote* and *Product & Pricing* screens.
 - Now, both screens have all three fields, adding clarity and removing confusion.

Mortgage Insurance Comparison

- ✓ Consolidated the application portion of the *Mortgage Insurance Comparison*, narrowing down the options in the *Mortgage Insurance Request Type* dropdown. As a result, some screens are consolidated and the requested actions are more concise.
