Company Site

Through the **Company Site** menu, as the administrator, you can configure the design and messages on your company Zip site, which serves as a platform for borrowers to be introduced to your organization and loan officers. Additionally, borrowers can apply for loans and choose specific loan officers to work with via your company Zip site.

Company Main

Via the **Company Main** screen, you can configure the design and layout of the landing page on your company Zip site. This is the place where you choose the images and messages that greet borrowers when they first visit your company Zip landing page.

To set up the landing page of your company Zip site:

1. Select the **Company Main** screen from the **Company Site** menu.

Company Main

Here you can set up your company introduction, company information, and other content that appear on your Zip company main page. If you do not want to enable your Zip company main page, select Off in the Use Company Main section.

Use Company Main

☒ On ☐ Off

Language Selection

☒ On ☐ Off

Company Web Address Setup

2. In the **Use Company Main** section, you can enable or disable your company Zip site by selecting either **On** or **Off**. Selecting **Off** will disable your company Zip site.
 - A. If you selected **Off**, scroll down to the bottom and click **Save**. A popup appears confirming that the screen is saved.

- B. Click **OK**.
- C. If you selected **On**, continue to the next step.

Company Site

3. In the **Language Selection** section, you can enable or disable the option for borrowers to switch to the Spanish version of the greeting messages on your company Zip landing page.

NOTE: When this option is enabled, there will be a language selection dropdown menu on your company Zip landing page. When it is disabled, the dropdown menu is gone from the landing page.

4. In the **Company Web Address Setup** section, enter the prefix to the URL of your company Zip site.

Company Web Address Setup

Zip requires a web address to ensure that potential borrowers can access the company site. The web address automatically assigned by Zip is shown below. You may change the web address prefix in the box below. If you need assistance setting up your web address, please email the Zip setup team.

<input type="text" value="Company Name"/>	.zipforhome-qa.com	<input type="button" value="GO"/>
---	--------------------	-----------------------------------

Select Type

Select a type to apply the Company Main page.

- After entering the prefix, click the **GO** button to visit the landing page of your company Zip site.
5. In the **Select Type** section, choose the layout of your company Zip landing page.
 - Selecting type A: The main image is prominently featured on top of your company Zip landing page. Text is placed at the bottom left of the main image and at the bottom of the page.
 - Selecting type B: The main image is prominently featured on top of your company Zip landing page. Text is placed at the center of the main image and at the bottom of the page.
 - Selecting type C: The main image is placed on the top left of your company Zip landing page, with the rest of the page featuring text.
 6. In the **Select Image** section, select the main image to be featured on your company Zip site.

Select Image

Select an image to apply to the visual area in Company Main page. You can also upload an image from your computer. The optimal size is 1800*500~740 (The optimal size for Type C is 570*350.). The file types supported are: JPEG, JPG, GIF, PNG

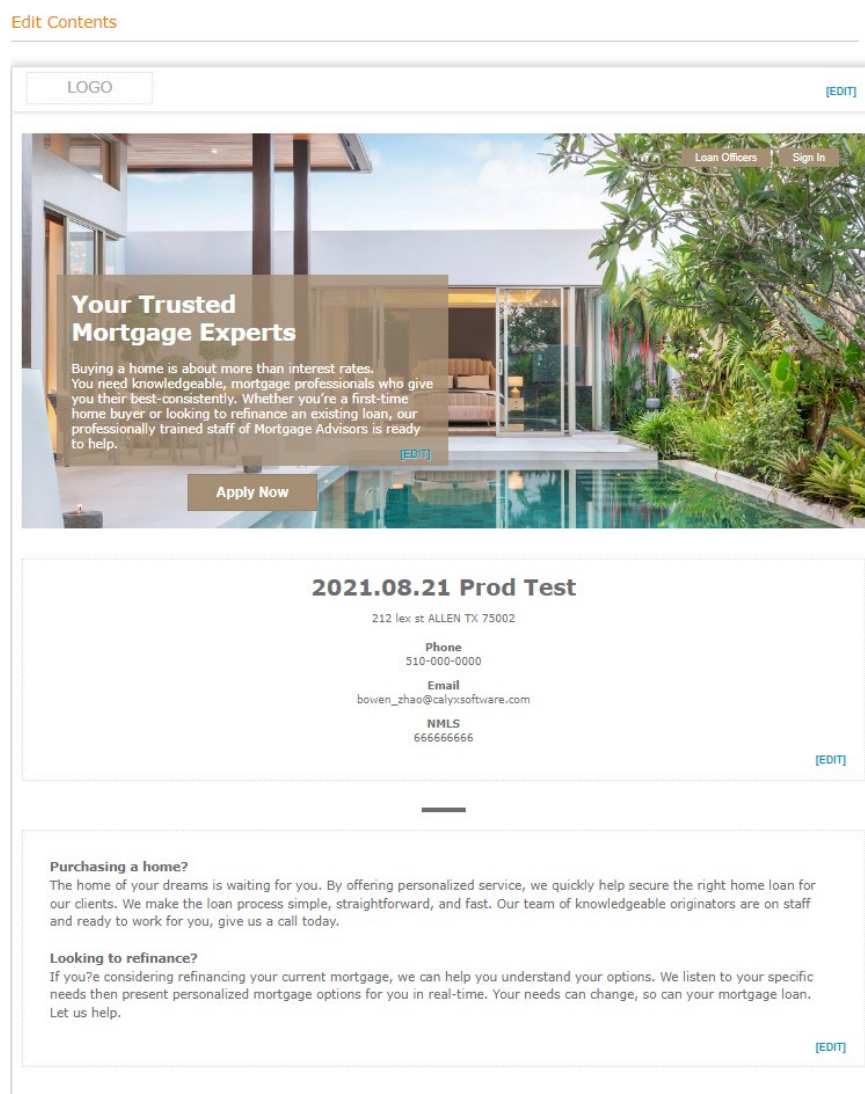

NOTE: Zip provides a list of stock images to choose from for your company Zip landing page.

Company Site

- A. Scroll through the stock images to select the right one to be featured.
- B. If you want to feature your own image, click the blank image (**highlighted in red**) in the above image to open your browser's upload lightbox.
 - I. Select the image to be uploaded.
 - II. Click **Open**.
 - III. To delete the uploaded image, click the **X** icon next to the image, located on the top right.
7. In the **Edit Contents** section, you can configure the banner, company information, and messages that appear on your company Zip landing page.

In this example, the page layout is type **A** (selected in step 4).

- A. To configure the banner, click the corresponding **EDIT** button (top right), to open the **Edit Company Banner** light box.

Company Site

The screenshot shows a dialog box titled "Edit Company Banner" with a close button (X) in the top right corner. Inside the dialog, there are three main sections: "Use Company Banner" with radio buttons for "On" and "Off"; "Logo Image" with a placeholder image, an "X" icon for deletion, and a note: "(Recommended image size: 190 x 50. Maximum file size: 2MB. File types supported: JPEG, JPG, GIF, PNG.)"; and "Banner Placement" with radio buttons for "Left" (selected), "Center", and "Right". Below these is a "Background Color" section with a text input showing "#ffffff" and a small color selector icon. At the bottom center is a blue "Save" button.

- I. Select **On** or **Off** to enable or disable the company banner, which appears at the top of your company Zip landing page.
 - a. If you selected **Off**, click **Save** to exit the light box. If you selected **On**, move to the next step.
- II. To choose a **Logo Image** as the banner, click the blank image to open your browser's upload lightbox.
 - b. Select the image to be uploaded.
 - c. Click **Open**.
 - d. To delete the uploaded image, click the **X** icon next to the image located on the top right.
- III. Choose the placement of the banner by selecting either **Left**, **Center** or **Right**.
- IV. To choose a **Background Color** for the banner:
 - a. Click the corresponding field (**highlighted in red**) in the image below.

Background Color

A text input field containing the hex code "#ffffff" and a small color selector icon to its right. The entire field is circled in red.

The color selector is enabled.

The screenshot shows the "Logo Image" placeholder and the "Background Color" input field. A color selector is overlaid on the "Background Color" field, featuring a large red-to-black gradient square and a vertical rainbow color bar on the right. A blue circle highlights the top of the color bar. Below the color selector, the "Background Color" input field is shown with the hex code "#ffffff" and a close button (X).

Company Site

- b. Use the color spectrum bar on the right to select the desired color (**highlighted in blue**) in the image above.
- c. To further tune the color, use the circle (**highlighted in green**) the image below in.

- d. If you know the hex color code of the color you want, enter it in the corresponding field.

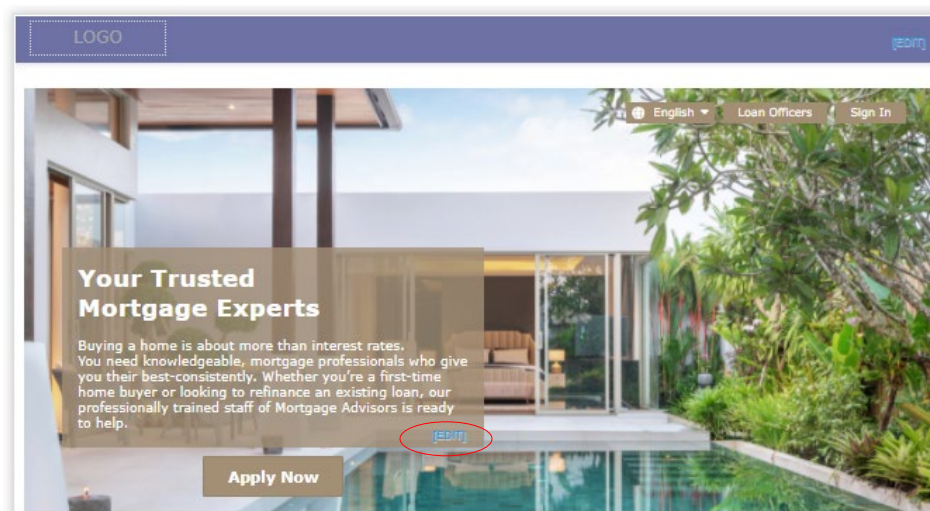

Background Color 

- e. Click out once you have selected the desired color or entered the hex color code.

V. Click **Save** to save and close the **Edit Company Banner** light box.

NOTE: If you did not select a banner image, the banner will just be the background color.

- B. To edit the primary message shown on your company Zip site, click the corresponding **EDIT** button.

The **Edit Comment** lightbox appears.

NOTE: Zip provides a default primary message. If you want to tailor it specifically to your organization, follow the steps below.

The screenshot shows a 'Edit Comment' window with a close button (X) in the top right corner. It contains two text editors, one for English and one for Spanish. Each editor has a top bar with a language dropdown, font family ('Open Sans'), font size ('11pt'), and a set of formatting icons (bold, italic, underline, strikethrough, bulleted list, numbered list, link, unlink). The English editor's top bar is circled in red. The English text area contains the heading 'Your Trusted Mortgage Experts' and a paragraph about mortgage professionals. The Spanish text area contains the heading 'Comprar una casa es más que tasas de interés. Necesita profesionales' and a paragraph about mortgage professionals. Below the text areas are three color pickers: 'Background and Button color' with value #a58f74, 'Button text color' with value #ffffff, and 'Calculate Your Mortgage' with value #000000. A blue 'Save' button is at the bottom.

- I. In the top field enter the message that greets borrowers when they visit your company Zip landing page.
- II. Use the top bar above the field to tailor the design of the message, such as font, size, bold, italics, etc. (highlighted in red) in the image above.
- III. If you want to modify the Spanish message, edit it in the corresponding field below.
- IV. Choose the **Background and Button color** and **Button Text color** for the **Apply Now** button, which is located directly below the primary message on your company Zip landing page.
- V. Choose the text color for **Calculate Your Mortgage**, which is used by borrowers to calculate estimates of their monthly payments on your company Zip landing page.

Company Site

NOTE: When borrowers click this button, they will immediately be transported to your organization's Zip borrower interview portal to begin the application process.

- a. To select the **Button color**, click the corresponding field to enable the color selector (**highlighted in red**) in the below image.

Button color #6d6d71

Button Text color #ffffff

The color selected is enabled.

- b. Use the color spectrum bar on the right to select the desired color (**highlighted in blue** in the image above in blue).
- c. To further tune the color, use the circle (**highlighted in red**) in the image below in.

- d. If you know the hex color code of the color you want, enter it in the corresponding field.

Button color #49497d

- e. Click out once you have selected the desired color or entered the hex color code.
- f. Repeat the above steps for selecting the **Button Text color**.

VI. Click **Save**.

- C. To edit your organization's company information, click the corresponding **EDIT** button (**highlighted in red**) in the image below in.

A popup appears confirming that the screen is saved.

10. Click **OK**.

Borrower Portal

The **Borrower Portal** menu contains the **Default Information**, **Banner and Colors**, and **Loan Originators** screens.

Via these screens you, as the administrator, can configure the default images, banners, messages, etc. that greet borrowers when they visit your Zip landing site and enter your borrower interview portal, as well as the landing sites and interview portals of the loan officers in your organization. Additionally, you can add loan officers to and delete them from your organization and configure their access rights to the Zip admin site.

Default Information

Through the **Default Information** screen, you can configure the default image, messages, and logos for your organization.

NOTE: Although these are the default image and messages for your organization, the individual loan officers in your organization can set up their unique images and messages on their own Zip landing sites, should you give them read and write access rights, which you can do in **Editing Loan Officer Access Rights**.

Default Information

Here you can set your company's default profile photo and borrower landing page message.

Image and Comments

Register your company image and introduction message to be displayed on your consumer web portal landing page.

- A. Select your logo.
 - B. Click **Open**.
 - C. Repeat the process to upload another logo.
 - D. To delete a logo, click the corresponding X icon.
8. After you have finished setting up your default Zip landing site, click the **Save** button at the bottom of the **Default Information** screen.
A popup appears confirming that the screen is saved.
 9. Click **OK**.

Banner and Colors

Use the **Banner and Colors** screen to configure the banner and colors of your Zip landing site.

NOTE: The banner and colors you configure here are NOT editable by individual loan officers. That is, the banner and colors you choose here will be the banner and colors for the Zip landing sites of all loan officers in your organization.

1. In the **Select Type** section, choose how the layout of the landing site regarding text and images.

Borrower Portal

Banner and Colors

Upload an image to display on your landing page banner and enter messages to greet your borrowers.

Select Type

Select a configuration for the landing page of your borrower interview portal.

Edit Banner and Colors

Set Back to Default

Edit Banner Main Color Secondary Color Background Color Font

2. Select the **Main Color**, **Secondary Color**, **Background Color**, and **Font**.

RELATED: For more information on configuring color, text, and font, see **Company Main**.

3. To configure the banner, click **Edit Banner**, to open the **Edit Banner** lightbox.

The image shows a 'Banner' configuration lightbox. It has a title bar with a close button. The main content is divided into two sections. The first section, 'Banner options', contains three radio buttons: 'Do not display banner' (selected), 'Display text', and 'Display image'. The second section, 'Banner navigation options', contains a label 'Navigate to the following URL when the banner is clicked:' followed by a text input field with 'https://' and a placeholder box. A 'Save' button is at the bottom right.

- A. In the **Banner options** section.

Borrower Portal

- I. If you do not want to display a banner, select the **Do not display banner** radio button.
- II. To display text as the banner, select the **Display text** radio button. When this option is selected, more fields appear to help tailor your text.

☒ Display text

Enter the text to display on the banner.

Main Color Background Color Font

- III. Enter the text.
- IV. Select the **Main color** by clicking the corresponding field, (**highlighted in red**) in the image below.

The color selector is enabled.

- V. Use the color spectrum bar on the right to select the desired color, (**highlighted in red**) in the image above.
- VI. To further tune the color, use the circle, (**highlighted in red**) in the image below.

- VII. If you know the hex color code of the color you want, enter it in the corresponding field, (**highlighted in red**) in the image below.

- VIII. Click out once you have selected the desired color or entered the hex color code.
- IX. To select the **Background color**, repeat the same steps for **Text color**.
- X. Select the style of the text from the **Font** dropdown list.

YES!

- XIII. To delete the logo image, click the X icon on the top right corner.
- XIV. Click **Save**.
- C. Enter the URL in the **Banner navigation options** section.

Banner navigation options

Navigate to the following URL when the banner is clicked:

https://

- D. Click **Save**.
- 4. Click **Preview** to launch your Zip landing site.

Loan Originators

On the **Loan Originators** screen, as the administrator, you can create new user accounts and configure their access rights. Additionally, you can search for and edit the access rights of existing users.

The screen is composed of two sections, **Search** and **Results**.

- Use the **Search** section to locate a specific loan officer in your organization, by name (**Loan Originator** field), email (**Loan Originator Email** field), or the URL of the loan officer's Zip landing site (**Web Address** field).
- The **Results** section lists all the loan officers in your organization by default. When you search for a specific loan officer, by name, email, or web address, the **Results** section will list the loan officer(s) that match your search criteria.

Borrower Portal

Loan Originators

Calos Wong	2232	bowen_zhao@calyxsoftwar e.com	CalosWong.zipforhome-qa.com		

The **Edit Users** lightbox appears.

Borrower Portal

The screenshot shows a web form titled "Edit Users" with a close button (X) in the top right corner. The form is divided into three sections: "Contact", "Borrower Interview Configuration", and "Borrower Portal".

Contact (* Required fields)

Contact	Calos	Middle	Wong	Suffix
Title				
Email*	bowen_zhao@calyxsoftware.com			
Cell Phone*	408-997-5525			
NMLS Number	3322			

Borrower Interview Configuration

You can confirm the details via [Configuration](#).

☒ Config 1: Full Loan App
☐ Config 2: Partial App 1

Borrower Portal

At the bottom of the form is a blue "Save" button.

2. In the **Contact** section, edit the loan officer's name, title, email, mobile phone and NMLS numbers as applicable.
3. In the **Borrower Interview Configuration** section, select which loan interview configuration should be used for the loan officer's interview portal.

RELATED: For more information on creating different loan interview configurations, see **Adding and Selecting Configurations**.

4. In the **Borrower Portal** section, select the loan officer's access rights to the Zip admin site or whether to disable the loan officer's borrower interview portal, through the following radio button options.
 - **Disable Site** - Choose this option to disable the loan officer's Zip landing site and interview portal, except for eSign and document request functions.
 - **No Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to not give the loan officer access to the Zip admin site.
 - **Read Only/Limited Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and give the loan officer read-only access to the Zip admin site.
 - **Edit/User Configurable** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to give the loan officer read/write access to the Zip Admin site, which allows the loan officer to configure the image, company information, messages, etc. of their Zip landing site.

Borrower Portal

5. If applicable, scroll down to the **Delivery – Loan Information Download** section and edit the Path username to connect with the loan officer's Zip interview portal.

NOTE: This section only appears if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not appear.

Delivery - Loan Information Download

Enter the following information to connect with Path:

Path User Name

State Licenses Delete all Add all Add

State License Number 

Save

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

RELATED: For more information on setting the Path company and user accounts, see **Delivery**.

6. If applicable, edit the loan officer's license information in the **State Licenses** section:
 - A. To delete a state license, click its corresponding delete icon () (highlighted in red) in the image above.
 - B. Click the **Delete all** button, to delete all state licenses.
 - C. Click the **Add** button to add one more state license. Additional fields are enabled to select the state and enter the license number.

State Licenses Delete all Add all Add

State	<input type="text" value="CA"/>	License Number	<input type="text" value="33229912"/>	
State	<input type="text" value="-"/>	License Number	<input type="text"/>	

- I. Select the **State** from the dropdown list.
- II. Enter the **License Number**.
- D. If applicable, click the **Add all** button to enable license fields for all 50 states and enter the license number for each state.

Borrower Portal

- After you have finished editing the loan officer's access rights, click **Save**. A popup appears confirming that the edited information is saved.

- Click **OK**.

Editing Loan Officer Zip Landing Site

To edit a loan officer's Zip landing site:

- Click the name of the loan officer in the **Results** section table, after you have located their account via the **Search** section, highlighted in the image below.

RELATED: For more information on searching for loan officers, see **Searching for Loan Officers**.

2. In the **Image and Messages** section, edit the image, messages and company information that appears on the loan officer's Zip landing site.
 - A. To delete the image, click the **Delete** button (highlighted in red) in the image above.
 - B. To upload a different image, click the image to open your browser's upload light box.
 - I. Select the image to be uploaded to the loan officer's Zip landing site.
 - II. Click **Open**.
 - III. After the image is uploaded, you can adjust the zoom level, using the zoom slider highlighted in the image below.

- IV. After selecting the desired zoom level, click **Crop**.
 - V. Click **Save**.

Borrower Portal

- C. To set this loan officer as the default loan officer to be assigned to the loan, in the scenario where the borrower fails to select a loan officer to work with when applying for a loan through your company main site, select the **On** radio button corresponding to **Set as Default**, (**highlighted in red**) shown in the below image.
- D. To edit the company information that appears on the loan officer's Zip landing site, scroll down to the company information fields and edit the applicable fields.

The screenshot shows the 'Borrower Landing Page' configuration window. At the top, there is a red box highlighting the 'Set as Default' radio button, which is currently set to 'Off'. Below this, the form contains fields for 'Loan Originator' (Calos Wong), 'NMLS Number' (3322), 'Email' (bowen_zhao@calyxsoftware.com), and 'Contact' information (Cell Phone: 408-997-5525). The 'Company' section includes fields for 'Company*' (Calyx Software), 'Company NMLS*' (552255), 'Address*' (6475 Camden Ave, Ste 207), 'City*' (San Jose), 'State*' (CA), and 'Zip Code*' (95120). A checkbox labeled 'Show the company address at the bottom of the landing page' is checked. At the bottom, there are tabs for 'English' and 'Spanish' and a 'Save' button.

- E. To display your company's address at the bottom of the landing page, select the corresponding checkbox. Otherwise, deselect the checkbox.
- F. To edit the greeting messages (English and Spanish), scroll further down and make the necessary edits.

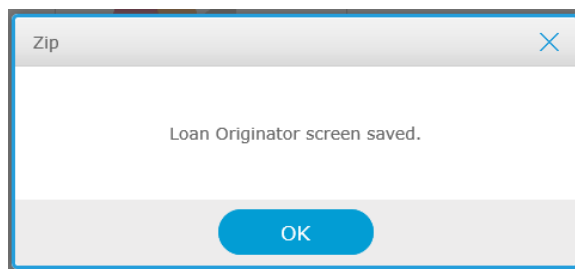

RELATED: For more information on setting up the greeting messages, see step 4 of **Images and Comments**.

The screenshot shows the 'Web Address Setup' section. It includes a text box for the web address prefix, which is currently 'CalosWong' and is highlighted with a red oval. The text box is followed by '.zipforhome-qa.com'. Below the text box is a 'Save' button.

- 3. To edit the web address prefix of the loan officer's Zip landing site, scroll down to the **Web Address Setup** section and enter a new prefix, (**highlighted in red**) in the image above.

Borrower Portal

- After you have finished editing the loan officer's Zip landing site, click **Save**. A popup appears confirming that the edited information is saved.

- Click **OK**.

Creating New User Accounts

To add more loan officers to your organization:

NOTE: For Zenly and NAMB All-In users, you cannot add new loan officers here. For more information on adding loan officers in Zenly and NAMB All-In, see the *Zenly* and *NAMB All-In User Guides*.

- Select the **Loan Originators** screen from the **Borrower Portal** menu.

4. If applicable, in the **Borrower Interview Configuration** section, select which version of the loan interview configuration to use for this loan officer.

RELATED: For more information on configuring different versions of loan interviews, see **Adding and Selecting Configurations**.

5. In the **Borrower Portal** section, choose the loan officer's access rights to the Zip admin site and whether to disable the loan officer's borrower interview portal, through the following radio button options, as applicable.
 - **Disable Site** - Choose this option to disable the loan officer's Zip landing site and interview portal, except for eSign and document request functions.
 - **No Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to not give the loan officer access to the Zip admin site.
 - **Read Only/Limited Access** - Choose this option to enable the loan officer's Zip landing site and interview portal, and give the loan officer read-only access to the Zip admin site.
 - **Edit/User Configurable** - Choose this option to enable the loan officer's Zip landing site and interview portal, and to give the loan officer read/write access to the Zip Admin site, which allows the loan officer to configure the image, company information, messages, etc. of their Zip landing site.

Borrower Portal

6. If applicable, scroll down to the **Delivery – Loan Information Download** section and enter the Path username to connect the loan officer's Zip interview portal to Path user account.

NOTE: This section only appears if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not appear.

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

RELATED: For more information on setting the Path company and user accounts, see **Delivery**.

7. Enter the loan officer's license information in the **State Licenses** section:
 - A. Select the **State** from the dropdown list.
 - B. Enter the **License Number**.
 - C. Click the **Add** button to add one more state license.
Additional fields are enabled to select the state and enter the license number.

- D. Click the **Add all** button to enable license fields for all 50 states and enter the license number for each state.
- E. To delete a state license, click its corresponding delete icon (🗑️).
- F. If applicable, click the **Delete all** button, to delete all state licenses.

Borrower Portal

- After you have finished configuring the new loan officer's access rights, click **Save**.
The loan officer is added to the **Results** section table.

Forwarding

The forwarding feature allows the emails going to one loan officer to be forwarded to another loan officer. For scenarios such as one loan officer being on vacation and cannot answer emails, the forwarding feature allows another loan officer to receive and answer the emails for the vacationing loan officer.

NOTE: This section is only relevant if you use Point as your loan origination system. For Path, Zenly, and NAMB All-In users, this section does not apply.

To set up email forwarding:

- Select the **Forwarding** tab in the **Loan Originators** screen.

Loan Originators

Search for and change the image, borrower landing page message and web address of a loan originator.

Edit Loan Originator

2. In the **Introduction** section, click the **EDIT** button to open the **Edit Content** lightbox, which displays both English and Spanish versions.

The screenshot shows a lightbox titled "Edit Content" with a close button in the top right corner. It contains two identical editing sections for "English" and "Spanish". Each section has a toolbar with icons for undo, redo, font selection (currently "Verdana" for English and "Open Sans" for Spanish), font size (currently "11pt"), bold, italic, underline, text color, background color, bulleted list, numbered list, link, unlink, and source code. Below the toolbar is a large text area. At the bottom of the lightbox, there is a "Save" button and a list of supported file types and constraints: "File types supported: JPEG, JPG, GIF, PNG, MP4(video)", "Maximum video file size: 10MB", and "Max-width size: 760px".

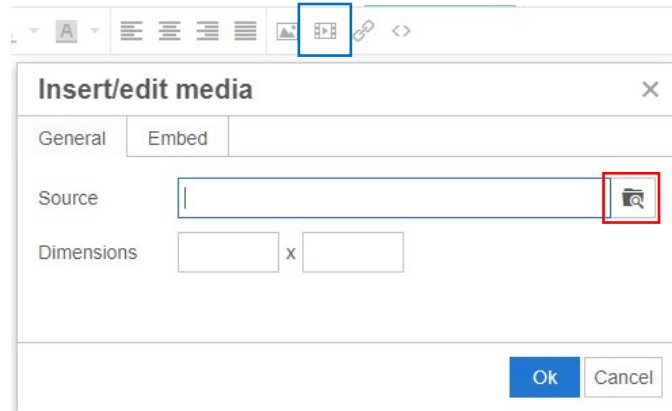

- A. Enter an introduction about your products in English.
- B. Use the top bar above the field (highlighted in red) to tailor the design of your message, such as font, size, bold, italics, etc.

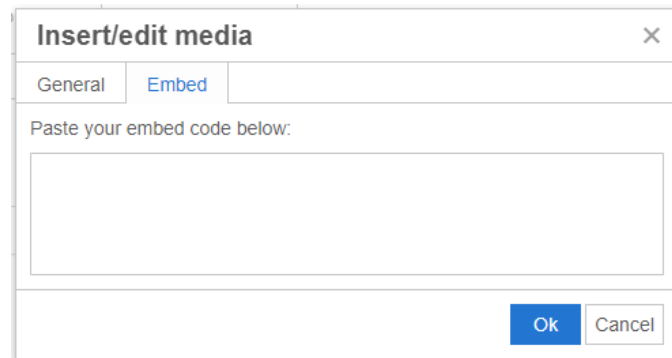

- C. To enter an image, click the picture icon (highlighted in green). Your browser's upload lightbox is opened.
 - I. Select the image to be uploaded.
 - II. Click **Open**.
 - III. To adjust the image size, drag the corners of the image until you have reached the desired size.
 - IV. To delete the uploaded image, right-click on the image and select **Cut**.

Products

- D. To insert a video, click the video icon (highlighted in blue).
The **Insert/edit media** lightbox appears.

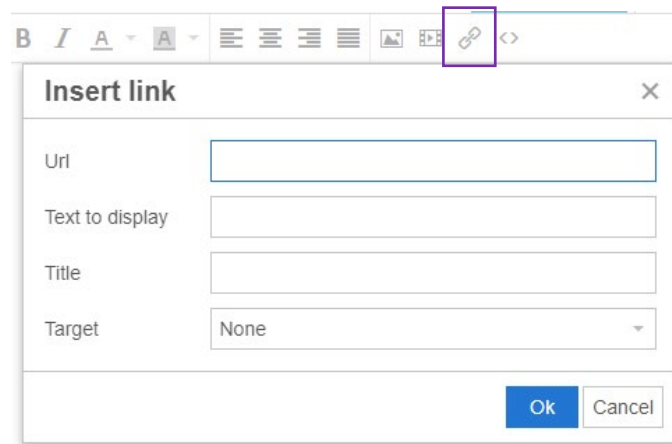

- I. To insert a video, select the **General** tab and click the folder icon (highlighted in red) of the **Source** field to open your browser's upload lightbox.
- Select the video to be uploaded.
 - Click **Open**.
 - Enter the **Dimensions** for video.
- II. Alternatively, to embed a video, select the **Embed** tab and enter the embed code.

- III. Click **Ok**.
- E. To insert a link, click the link icon (highlighted in purple).

Products

- I. Enter the **Url**, **Text to display**, and **Title**.
 - II. From the **Target** dropdown menu, select whether the link, when clicked, opens in a new window or in the current window.
 - III. Click **Ok**.
- F. To enter the source code for the product introduction, click the code icon (**highlighted in red**). The **Source Code** lightbox opens.

- I. Enter the source code.
- II. Click **Ok**.

Products

- G. Optionally, enter the Spanish version of your greeting message, and repeat the above steps A through F.
3. In the **Footer** section, click the **EDIT** button to open the **Edit Content** lightbox and enter additional information about your products, such as your contact information.
 - A. Repeat the above steps for the footer as you did for the production introduction.
4. After setting up your product introduction, click **Save**.
5. To preview how your product is presented to borrowers in the Zip borrower portal, click **Preview**.

Product Details

Via the **Product Details** screen, configure the list of loan products to present to borrowers.

Product Details

Here you set up the list of loan programs to be presented to borrowers. You can:

- Add to your list of loan products (New Loan Product button)
- Modify an existing loan product (click the product's name in the Product column)
- Delete a product
- Copy a product
- Reorder the sequence in which the products are presented to borrowers (click and drag to reorder)

Borrower Interview

Via the **Borrower Interview** menu, as the administrator, you can configure the borrower interview portal, which is the interview process that takes place after applicants click the **Get Started** button on your Zip landing site. How you configure the borrower interview portal will be reflected in each loan officer's borrower interview portal.

NOTE: Loan officers can customize their own Zip landing sites, should you grant those access rights to them (which you can do here, **Editing Loan Officer Access Rights**), but they cannot customize their own borrower interview portals.

Configuration

On the **Configuration** screen, you can choose which types of questions to have in the borrower interview portal and which types of take out (for example, demographic and employment questions about the borrower). The grayed-out checkboxes (**Contact** and **Submit**) represent the pages of the borrower interview portal that cannot be taken out. Unchecked boxes are omitted from the interview. For example, if **Refinance** is unchecked, all questions regarding refinancing are taken out of the interview.

Configuration

Customize the Zip borrower interview to include the information you want to collect from potential borrowers.

Borrower Interview Configuration

You can create various configurations of the borrower interview and select which configuration to use for which loan officer, via [Loan Originators > Edit Users](#). By clicking the plus button (+) below, you can add as many different configurations as desired.

Select Default Configuration Full Loan App

Multiple Choice

Checkboxes

Currency

Date

NOTE: Depending on your selection, the answer/option field(s) for the question will change to match the format. Additionally, selecting **Multiple Choice** or **Checkboxes** requires you to enter options for these questions.

For example, the multiple-choice question format will enable multiple options for the borrower to select, as shown below.

Borrower Interview

- III. Enter the first question after selecting the question format.
Shown below is an example of a multiple-choice format with three options entered, for the borrower to choose from

- IV. To add more questions, click the **Add Question** button. You can add up to 20 questions.
- V. To duplicate a question, click the copy icon (📄).
- VI. To delete a question, click the delete icon (🗑️).
- a. Once 🗑️ is clicked, two more icons appear, asking you to confirm (✅) or cancel (❌) your decision to delete the question.

- b. Select ✅ to confirm the deletion of the question.

Borrower Interview

- c. Select  to cancel the deletion of the question.
- VII. To move the position of a question, click the question box and drag it to the desired position.
- VIII. To set a question as required or not required, switch the **Required** toggle between on or off. If the **Required** toggle is on, it means the question will have an asterisk (*), indicating that it is required.
- IX. Click **Save** to save the questions; or click **Save & Preview** to save the questions and preview what they will look like in the borrower interview.
- After the **Edit Custom Questions** lightbox is closed, **Custom Question 1** is changed to the custom question you entered. In the example below, it has been replaced by **What is your ideal home?**

☐ (All) Menu Required

Borrower Interview

The image shows a modal dialog box titled "Edit Loan Term" with a close button (X) in the top right corner. Below the title is the instruction "Add and organize the list options." and an "Add Option" button. A list of loan terms is displayed, each with a checkbox, the term text, a move icon (three horizontal lines), and a delete icon (trash can). The terms are 5 years, 10 years, 15 years, 20 years, 25 years, 30 years, and 40 years, all of which are currently selected. Below the list is a "Load Default" button. At the bottom of the dialog are "Cancel" and "Save" buttons.

Checkbox	Term	Move Icon	Delete Icon
<input checked="" type="checkbox"/>	5 years	≡	🗑️
<input checked="" type="checkbox"/>	10 years	≡	🗑️
<input checked="" type="checkbox"/>	15 years	≡	🗑️
<input checked="" type="checkbox"/>	20 years	≡	🗑️
<input checked="" type="checkbox"/>	25 years	≡	🗑️
<input checked="" type="checkbox"/>	30 years	≡	🗑️
<input checked="" type="checkbox"/>	40 years	≡	🗑️

- II. The default terms are 5, 10, 15 years all the way up to 40 years, at 5-year increments.
- III. Select or de-select each term to your preference.
- IV. Click and drag the move icon (≡) to position the terms to your preference.
- V. To add more terms, click **Add Option** and enter the new term, as shown below.

Borrower Interview

Edit Loan Term

Add and organize the list options.

Add Option

<input checked="" type="checkbox"/>	5 years		
<input checked="" type="checkbox"/>	10 years		
<input checked="" type="checkbox"/>	15 years		
<input checked="" type="checkbox"/>	20 years		
<input checked="" type="checkbox"/>	25 years		
<input checked="" type="checkbox"/>	30 years		
<input checked="" type="checkbox"/>	40 years		
<input checked="" type="checkbox"/>	_____ years		

Load Default

Cancel **Save**

VI. To delete a term, click the corresponding delete icon ().

VII. To set the terms back to default, click **Loan Default**.

C. To add more custom questions to the borrower interview, select the checkbox of **Custom Question 2** and click the **Edit** button and repeat the above steps for **Custom Question 1**.

☒ Assets

☒ Real Estate Owned

☒ Declarations

☒ Demographic

☐ Custom Question 2 **Edit**

☒ Submit

☒ Document Collection

D. For **Declarations** and **Demographics**, switching on (or leaving on) the toggle makes all declarations questions required as shown below (**highlighted in red**). This means that all questions on the **Declarations** page of the interview will have asterisks (*), indicating that they are required.

☒ Real Estate Owned

☒ Declarations

☒ Demographic

I. With the toggle switched off, the declarations questions still remain in the interview, but they will not be required, as shown below.

Borrower Interview

Real Estate Owned

☒ Declarations

☒ Demographic

- II. To remove the declarations questions, de-select the checkbox, as shown below (highlighted in red).

Real Estate Owned

☐ Declarations

☒ Demographic

- III. If the **Employment** checkbox is deselected, the question about the borrower having dependents will be left out of the interview.

☒ Personal

☒ Social Security Number

☐ Employment

3. At the bottom of the screen, select how the loan interview should be completed when there is an additional borrower. Choose to have the main borrower (the one who is completing the loan on behalf of the co-borrower) complete the loan interview on behalf of the additional borrower (co-borrower) or to have the additional borrower complete their portion of the loan interview by themselves, through invitation link via email.

☒ Document Collection

When the loan has an additional borrower,

☒ Collect the co-borrower's information in the same interview, on behalf of the co-borrower.

☐ Send a separate interview notification to the co-borrower to be completed by them. In this case, both borrowers would need to complete their separate interviews, for the loan to be delivered to your LOS.

Save

4. Click **Save**.
A popup appears confirming that the screen is saved.

Zip

Configuration screen saved.

OK

5. Click **OK**.
The de-selected pages and sections are disabled in the borrower interview portal.

Borrower Interview

NOTE: If your Zip account is integrated with Path, you can find the borrower interview in the **Document** activity, as shown in the below image.

The image shows two screenshots from a software interface. The top screenshot, titled "Document Details", shows a form for a document named "Loan Summary". The form includes fields for Document, Borrower (Testing Custom Questions), Category, Type, and Description (from Zip). It also has sections for Status (Uploaded from Zip), Date and Time (05/19/2023 6:10:15 PM), Document Date, Due Date, By, and Sent To. There are also sections for Conditions and Checklist, both with a "Description" field. The bottom screenshot, titled "Document Image View", shows a preview of the document. It includes a "Page Thumbnails" section on the left and a main content area. The main content area has a header "Loan Interview Summary:" and a sub-header "Submitted on 05/19/2023 06:10 PM CST JoeBolanos.zipforhome-qa.com". Below this, there are two columns of text: "Borrower Authorized to Pull Credit Report", "Additional Borrower Authorized to Pull Credit Report", "Referred by:", and "Comments:" on the left; and "Additional Borrower Applied", "VCA Report Included", "Contact Method/Best Call Time:", and "Contact Method/Best Call Time:" on the right.

Adding and Selecting Configurations

You can also add and select different configurations of loan interviews.

After you have created different configurations, different loan officers in your organization can choose different configurations of loan interviews, via the **Edit Users** lightbox on the **Loan Originators** screen, see **Editing Loan Officer Access Rights**.

Edit Configuration

The image shows a lightbox titled "Edit Configuration". It has a radio button next to "Config 1:" and a text field containing "Full Loan App". A red circle highlights a blue plus icon (+) located below the text field.

1. Click the add icon to add **Config 2** field.

Edit Configuration

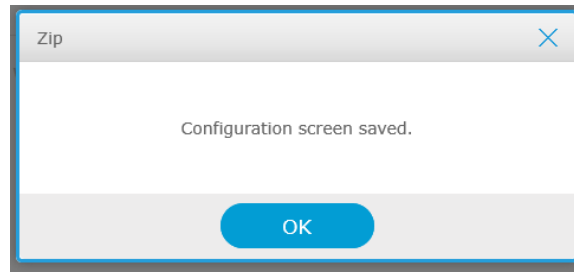

The image shows the same "Edit Configuration" lightbox. Now, the radio button next to "Config 2:" is selected. The text field for "Config 2:" is empty and highlighted with a red rectangle. A blue plus icon (+) is located below the text field.

2. Enter a name for the new configuration.
3. Select and deselect the pages and sections to leave in or leave out of the borrower interview portal.

Borrower Interview

4. Click **Save**.

A popup appears confirming that the screen is saved.

5. Click **OK**.

The new configuration has been added to the **Select Default Configuration** dropdown menu.

Borrower Interview Configuration

You can create various configurations of the borrower interview and select which configuration is the default. For more information, see [Loan Originators > Edit Users](#). By clicking the plus button (+) below, you can add as many configurations as you need.

6. Select the appropriate configuration as the default loan application.
7. To add more configurations, repeat the above steps.

Disclaimer/Authorizations/Result

On the **Disclaimer/Authorizations/Result** screen, you can compose the disclaimer and thank you messages that appear before and after borrowers submit their applications in your organization's Zip borrower interview portal.

Disclaimer

To enter the disclaimer message to borrowers before they submit their applications:

1. Select the **Disclaimer/Authorizations/Result** screen from the **Borrower Interview** menu.

Disclaimer/Authorizations/Result

Customize the messages that display before and after the borrower interview is submitted.

Disclaimer

2. Select the **EDIT** button to open the **Edit Content** lightbox, which displays both English and Spanish versions.

Borrower Interview

The screenshot shows a lightbox titled "Edit Content" with a close button (X) in the top right corner. It contains two sections for editing text: "English" and "Spanish". Each section has a rich text editor toolbar with options for undo, redo, font face (Open Sans / Verdana), font size (11pt), bold, italic, text color, background color, bulleted list, numbered list, and link. The English text reads: "By submitting your information, you agree to our Terms of Use and Security and Privacy Policies. You also expressly consent to being contacted by a representative of our company to complete this information." The Spanish text reads: "Al enviar su información, acepta nuestros Términos de uso y nuestra Política de seguridad y privacidad. También acepta expresamente que un representante de nuestra empresa y / o nuestros socios comerciales se comuniquen con usted para completar este proceso de solicitud." A blue "Save" button is located at the bottom center of the lightbox.

- A. Enter the disclaimer message.
 - B. Use the top bar above the field to tailor the design of your message, such as font, size, bold, italics, etc.
-
- The screenshot shows a close-up of the rich text editor toolbar. It includes icons for undo, redo, font face (Open Sans), font size (11pt), bold (B), italic (I), text color (A), background color (A), bulleted list, numbered list, and link.
- C. Optionally, enter the Spanish version of the disclaimer.
 - D. After you have finished crafting the disclaimer message, click the **Save** button, to close the lightbox.
3. To preview the disclaimer message, click the **Disclaimer Preview** button at the bottom. A new page opens showing the disclaimer message.

eConsent

To enter/modify the eConsent message:

1. Select **On** to display the eConsent message in the borrower interview.
 - If the borrower does not give consent during the interview, the eConsent message will be displayed in the borrower dashboard if there are pending or requested documents.
 - If the borrower gives consent during the interview, the eConsent message will not be displayed in the borrower dashboard.
2. Selecting **Off** will not display it in the interview.

Borrower Interview

- When the eConsent message is not displayed during the interview, it will still be displayed in the borrower dashboard if there are pending or requested documents.
- When you select **Off** you will not be able to choose which version of the eConsent message (**Calyx Standard** or **Custom**) will be displayed in the borrower dashboard.

eConsent

Select On if you want to receive an eConsent from borrowers during the interview. Note: Borrowers who create a dashboard account will have the ability to give and withdraw consent while in their account, regardless of the eConsent being On or not for the interview.

☒ On ☐ Off

Choose which part of the interview to display the eConsent screen.

Borrower Interview

- E. Enter/edit the privacy policy.
 - F. Use the top bar above each field to tailor the design of the privacy policy, such as font size, bold, italics, etc., (**highlighted in red**) in the above image.
 - G. Optionally, enter/edit the Spanish version.
 - H. Click **Save** to close the lightbox.
3. After you have finished entering the privacy policy, click the **Save** button at the bottom. A popup appears confirming that the information entered is saved.

4. Click **OK**.
5. To preview the privacy policy, click **Privacy Policy Preview**. A new page opens showing the privacy policy.

Retention Policy

On the **Retention Policy** screen, as the administrator, you can determine how long your organization retains borrower information before it is deleted.

Retention Policy

Zip is configured to automatically delete loan documents after 365 days.

Use this screen to customize these settings for your company.

Document retention time is based on the policy in place at the time Zip received the document. Deleted documents cannot be retrieved.

Loan Information

Retain loan information for days (Retention period must be between 1 and 365 days.)

eDisclosure & eSignature

The E-Sign Act requires a financial institution to maintain electronic records accurately reflecting the information contained in applicable contracts, notices or disclosures and that they remain accessible to all persons who are legally entitled to access for the period required by law in a form that is capable of being accurately reproduced for later reference. See Section 101(d).

If your borrower creates a dashboard account, their eConsent acceptance will follow the retention period set here for each loan file unless or until withdrawn. If a dashboard account is not created, the borrower will need to consent for each request of electronic activity.

Retain electronic disclosures, eConsent and electronically signed documents for days (minimum 90 days.)

Save

To set the retention policy for your organization:

1. Select the **Retention Policy** menu.
2. In the **Loan Information** section, enter the number of days before loan information is deleted, (highlighted in red) in the image below. The retention period starts when the loan is submitted. The minimum is 1 day, and the maximum is 365 days.
3. In the **eDisclosure & eSignature** section, enter the number of days before electronic disclosures and electronically signed documents are deleted, (highlighted in red) in the image below. The retention date starts when the electronic document is submitted. The minimum is 90 days, and the maximum is 365 days.
4. After setting the retention policy, click **Save**.
A popup appears confirming that the information entered is saved.

Retention Policy

5. Click **OK**.

Delivery

Delivery

If you use Path as your loan origination system, as the administrator you can connect your Zip and Path accounts with each other via the **Delivery** screen, which will automatically import to your Path account all loan applications that are submitted through your organization's Zip borrower interview portals.

NOTE: This section is only relevant if you use Path as your loan origination system. For Point, Zenly, and NAMB All-In users, this section does not apply.

Delivery

Download loan information directly to your LOS with the integrated Zip interface. Data transferred between Zip and your LOS.

Loan Information Download

Specify the Loan Origination System you will use to receive loan information.

Complete the following information to connect with Path:

Path Account ID	<input type="text"/>
Path User Name	<input type="text"/>

Save

[View Site](#)

To set up the connection between your Zip and Path accounts:

1. Select the **Delivery** menu.
2. Enter the **Path Account ID** and **Path User Name** to be connected to Zip.

NOTE: There is only one Path company account (**Path Account ID**) for all Zip interview portals in your organization. However, there can be different Path user accounts (**Path User Name**) connected to different Zip interview portals. In other words, all Zip interview portals are connected to one Path company account, while the Zip interview portals of individual loan officers can be connected to different Path user accounts that belong to the same Path company account.

Delivery

RELATED: For more information on setting the Path user account connection for a loan officer or giving a loan officer access right to set their own Path user account connection, see **Editing Loan Officer Access Rights**.

3. Click **Save**.

A popup appears confirming that the information entered is saved.

4. Click **OK**.

Notifications

Notifications

Use the **Notifications** menu to set up your organization's email addresses and notification emails and texts.

Edit Reminders

Use the **Edit Reminders** screen to set up reminder emails and texts that are sent to borrowers who have not completed their loan interview, or any other unfinished task, such as document or eSign requests.

Document Due Date Coming Up!

Body

Hi {Borrower_Name},

I am {LO_Name} from {Company_Name}. In order to continue your loan process, we need you to provide the following outstanding document(s) listed below, which is due very soon. Please log in to your borrower account via the below link.

To set up reminder emails and texts:

1. From the **Select Loan Originator** dropdown menu at the top of the screen, select the loan officer in your organization for whom to configure reminder emails and texts.
2. Optionally, to copy the reminder email and text settings from one loan officer to others, click **Copy Setting**.

More fields are enabled for you to indicate which loan officer's settings are copied from and which are copied to.

Select Reminder Methods ☒ Email ☒ Text

First Reminder day(s) before due date at

Reminder Frequency

- A. For **Use Reminder**, select **On**.
The default setting is **Off**.
- B. For **Select Reminder Methods**, select **Email** or **Text** or both.
- C. For **First Reminder**, select when the reminder is sent (how many days before the due date) and what time of the day.
- D. For **Reminder Frequency**, select how often the reminder is sent.

Notifications

5. To enter/edit the content in the **Subject**, **Body**, and **Footer** fields, select the **EDIT** button to open the **Edit Content** lightbox.

The screenshot shows a notification editor interface. At the top right, there is a red box around the **EDIT** button, followed by **English** and **Spanish** language selection buttons. Below these are three text input fields: **Subject** (containing "Document Due Date Coming Up!"), **Body** (containing a template with merge fields like {Borrower_Name}, {LO_Name}, {Company_Name}, {SignIn_HyperLink}, and {Document_Request}), and **Footer** (containing "Have questions? Please contact your loan officer directly."). At the bottom right, there are three buttons: [Insert Merge Fields?](#), [Set Back to Default](#), and [Send Sample](#).

A default email is provided, with the subject, body, and footer. You can choose to use the default email or modify it to your liking.

The screenshot shows the **Edit Content** lightbox. It has a title bar with a close button (X) and language selection buttons for **English** and **Spanish**. The main content area is a rich text editor with a toolbar at the top containing icons for undo, redo, font face (Open Sans), font size (11pt), bold (B), italic (I), text color (A), background color (A), bulleted list, numbered list, and link. The text area contains the same template as the previous screenshot. A red box highlights the **Insert Merge Fields** dropdown menu in the top right of the text area. At the bottom of the lightbox is a **Save** button.

Notifications

- A. To enter or modify the English version of the reminder email, select the **English** tab.
In this example, English is used.
- B. Enter/edit the subject, body, and footer of the reminder email.
 - I. After entering/editing the subject, use the top bar to tailor the design of the email, such as font, size, bold, italics, etc., (**highlighted in blue**) the image above.
 - II. To insert a merge field into the body and footer, select from the **Insert Merge Fields** dropdown, (**highlighted in red**) the image above.

NOTE: As Zip provides a default template for each email type, these templates have bracketed tags (merge fields) that autofill common elements within emails, such as the borrower's name, your organization's name, the loan officer's name, etc. For example, when the {Borrower_Name} tag is placed at the beginning of the email template, the borrower's name will also be placed at the corresponding position at the beginning of the email. The merge field is inserted wherever your text cursor is placed within the **Body** and **Footer** of the email.

- III. Place the text cursor at the desired place within the body and/or footer the to insert the merge field.
 - IV. Select the merge field option from the dropdown menu.
- C. To enter or edit the Spanish version of the reminder email, select the **Spanish** tab.
- D. After you have entered/edited the subject, body, and footer of the reminder email to your liking, click **Save**, to close the lightbox.
6. To send a sample email as a test, click the **Send Sample** button.
The **Send Sample Email** lightbox is opened.
 - I. Enter the email address where the sample email is sent in the **Send To** field.
 - II. Click **Send**.
7. To set the email content back to the default setting, click **Set Back to Default**.
8. In the **Text Notification** section, enter or edit the reminder text.

Notifications

- A. To enter or edit the English version of the reminder text, select the **English** tab.
In this example, English is used.
 - I. In the **Message** field, enter or edit the reminder text message.
 - II. To insert a merge field into the text message, select from the **Insert Merge Fields** dropdown field.
 - B. To enter or edit the Spanish version of the reminder text, select the **Spanish** tab.
 - C. After you have made the reminder text to your liking, click **Save**.
 - D. To send a sample text as a text, click **Send Sample**.
The **Send Sample Text Message** lightbox appears.
 - I. Enter the number to which the sample message is sent, in the **Sent To** field.
 - II. Click **Send**.
 - E. To set the reminder text back to the default settings, click **Set Back to Default**.
9. To configure the reminder email and text for completing the loan interview, select **Incomplete Loan Interview Reminder** tab, and repeat the above steps 4 through 6.
- A. Optionally, select the **Alert Loan Originator** checkbox, to notify the LO about the borrower's incomplete loan interview.

The screenshot shows the 'Incomplete Loan Interview Reminder' configuration interface. At the top, there are two tabs: 'Document/eSign Request Reminder' and 'Incomplete Loan Interview Reminder'. Below the tabs is a section titled 'Use Loan Interview Reminder' with a descriptive paragraph. The configuration options include: 'Use Reminder' with 'On' (selected) and 'Off' radio buttons; 'Select Reminder Methods' with 'Email' and 'Text' checkboxes; 'First Reminder' set to '1 day(s) after an unfinished interview at 12:00 AM'; and 'Reminder Frequency' set to '-'. The 'Alert Loan Originator' checkbox is circled in red.

NOTE: When **Alert Loan Originator** is checked, the LO receives only one email reminder about the borrower's incomplete loan interview, even when **Use Reminder** is **On** and **Reminder Frequency** is set to multiple times.

Additionally, you can select **Off** for **Use Reminder** and check the **Alert Loan Originator** box. In this scenario, only the LO would receive the reminder and the borrower would not.

Email Setting

On the **Email Setting** screen, as the administrator, you can set up your primary email address, additional email addresses and whether to receive emails that are sent to your organization's loan officers.

To set up your email addresses:

Notifications

1. Select the **Email Setting** screen.
2. Select the **Email Address** tab.
 - A. In the **Primary Email Address** section, enter your primary email address, where you will receive an email whenever a borrower submits a loan through your Zip interview portal.

Email Setting

The screenshot shows the 'Email Setting' interface. At the top, there are two tabs: 'Email Address' (selected) and 'Email Preference'. Below the tabs, the 'Primary Email Address' section is visible, with a text input field containing 'bowen_zhao@calyxsoftware.com'. Below this, the 'Additional Email Addresses' section is shown, with a text input field labeled 'Email 1' and a red circular add icon (+) to its right. At the bottom of the form is a blue 'Save' button.

- B. Optional, in the **Additional Email Addresses** section, enter additional email(s) to receive notifications when loans are submitted.
 - I. Click the add icon to add more emails address fields (up to 4), (**highlighted in red**) in the image above.
3. Select the **Email Preference** tab.

To download the borrower interviews in a excel file, click **Excel Download**, highlighted in the image above.

INK-it Reports

If you use Path or Point as your loan origination system, via the **INK-it Reports** screen, you can search for electronic signature documents that were sent out to borrowers.

NOTE: This screen is only available to you if you use Path or Point as your loan origination system. For Zenly and NAMB All-In users, this screen is not available.

To search for eSign documents:

1. Select the **INK-it Reports** screen from the **Reports** menu.
2. To search by loan officer name:
 - A. Enter the name in the **Loan Originator Name** field.

Reports

- B. Or click the field to enable a list of the loan officers in your organization.
 - C. Click the name of the loan officer.
The loan officer's name is populated in the field.
 - D. To enter more loan officers in the search, repeat the above steps.
 - E. Click the **Search** button.
The **Results** section table lists results of the search.
3. To search by borrower email:
 - A. Enter the borrower email in the **Borrower Email** field.
 - B. Or click the field to enable the list of borrower emails to which eSign documents were sent.
 - C. Click the borrower email.
The field is populated with the borrower email.
 - D. To enter more borrower emails in the search, repeat the above steps.
 - E. Click **Search**.
The **Results** section table lists the search results.
4. To search by date:
 - A. Enter the start and end dates (month/date/year - month/date/year) in the **E-signature requests sent between** field.
 - B. Or click the field to enable the dropdown calendar.
 - C. Select the start and end dates.
 - D. Click **Search**.
The **Results** section table lists the search results.
5. Click **Resend** to send again the completed INK-it reports and borrower uploaded documents (such as eSign documents) to the LOS, in case the LOS did not receive them in the first place.

Borrower Uploaded Document

On the **Borrower Uploaded Document** screen, you can search for borrower uploaded documents, such as government issued IDs, bank statements, pay stubs, etc.

To search for borrower uploaded documents:

1. Select the **Borrower Uploaded Document** screen under the **Reports** menu.
2. Search by loan officer:
 - A. Enter the loan officer name in the **Loan Originator Name** field.
 - B. Or click the field to enable the dropdown list of the loan officers in your organization.

Reports

Borrower Uploaded Document

A list of borrower uploaded documents is provided based on the specified search date range.

Search

The screenshot shows a search form with three input fields: 'Loan Originator Name', 'Borrower Email', and 'Document requests sent between'. A dropdown menu is open for the 'Loan Originator Name' field, displaying a list of names: 'Choose option', 'Bill Ho', 'Bowen C Zhao', 'Calos Wong', 'Jim Lee', and 'Tim Wu'. A blue 'Search' button is visible at the bottom right of the form.

- C. Click the name of the loan officer.
The loan officer's name is populated in the field.
- D. To enter more loan officers in the search, repeat the above steps.
- E. Click **Search**.
The **Results** section shows the loan officer and the borrower uploaded document(s).

Borrower Uploaded Document

A list of borrower uploaded documents is provided based on the specified search date range.

Search

The screenshot shows the search form with 'Bowen C Zhao' entered in the 'Loan Originator Name' field. Below the field, a note says '(You can search by first or last name.)'. The 'Borrower Email' field has a dropdown menu open with 'Choose option' selected. The 'Document requests sent date' field has two empty date input boxes separated by 'and'. A blue 'Search' button is at the bottom.

- F. To view or download the document, click the document name, highlighted in the image above.
A new tab or window opens, displaying the selected document.
3. To search by borrower email:
- A. Enter the borrower email in the **Borrower Email** field.
 - B. Or click the field to enable the dropdown list of borrower emails that were used to submit loans to your organization (all borrower interview portals).

Reports

- C. Click the borrower email to populate it in the **Borrower Email** field.
 - D. To enter more borrower emails in the search, repeat the above steps.
 - E. Click **Search**.
The **Results** section shows the borrower uploaded document(s) affiliated with the borrower email(s).
 - F. To view or download the document, click the document name.
A new tab or window opens, displaying the selected document.
4. To search by date:
- A. Enter the start and end dates in the corresponding fields.
 - B. Or click the fields to enable the calendar dropdown.

The screenshot shows a search form with the label "Document requests sent date". It contains two input fields separated by the word "and". A calendar dropdown is open for the first input field, displaying the month of May 2020. The calendar grid shows days from 1 to 31, with the 12th highlighted in blue. Below the calendar, a table is partially visible with columns labeled "date" and "Borrower Email". The word "Results" is also visible in orange text.

- C. Select the start and end dates.
- D. Click **Search**.
The borrower document(s) uploaded between the specified dates are shown in the **Results** section.
- E. To view or download the document, click the document name.
A new tab or window opens, displaying the selected document.

Billing Statement Report

On the **Billing Statement Report** screen, you can search for billing statements by month or by loan officer.

To search for billing statements:

1. Select the **Billing Statement Report** screen from the **Reports** menu.

Reports

Billing Statement Report

The Billing Statement Report displays a detailed list of borrower interviews submitted and INK-it requests sent, as well as a summary of the total number and fees for the selected month.

- Regarding the eSign billing portion of a loan interview, if the eSign was done within 6 months from the billing date, there is no billing.
- If the first loan submission is done within the first 30 days of the first order, it is free.
